 Celebration

OUR VISION

- To continue expanding and exploring, locally and globally and be a knowledge leader and content provider.
- To muster strategies to become a global epicentre of knowledge culture, skills, technology, research and service.
- To empower women through education.
- The logo embraces Mantra "असतो मा सद्गमय। तमसो मा योतिर्गमय। TAMSO MA JYOTIRGAMAYA" which has been taken from BHRADARANYAKA Upanishada which means "Lead us from Unreal to the Real, Lead us from Darkness to Light."
- The Lighted candle on the four Vedas signifies the spread of knowledge that will enlighten our lives and show us the way to lead a life of humility and righteousness.

OUR MISSION

The DAV vision of education telescopes well with the National Policy of Education 1986 and NEP 2020 which lay great emphasis on developing a national system of education, with Education For All. Keeping in mind the elimination of disparities in the education system and provision of more facilities through qualitative interventions, empowerment of women, access to education to disadvantaged sections of the society, educationally backward minorities and the disabled. It also calls for greater rigour and discipline in academic pursuits, autonomy and accountability, experimentation and innovation and nurture excellence and modernization of processes at different levels of education. In order to accomplish the mission, the objectives laid down are as under:

- To provide a wide range of holistic education by homogenizing the western knowledge while remaining anchored to the Indian cultural moorings;
- To act as a catalyst of change by spreading education and by dismantling the cobwebs of ignorance and illiteracy;
- To develop individuals who are morally upright, intellectually well-informed, socially concerned, emotionally balanced, physically well-developed and culturally accomplished;
- To stimulate a scientific temper by crusading against superstitions and out-dated customs like child marriage, caste system, female foeticide, dowry, gender bias, regionalism etc;

HEALTH & WELLNESS

Many children are becoming overweight and obese. Causes of obesity in children include unhealthy food choices, lack of physical activity, eating habits. A balanced diet is important to maintain health. No single food will provide all the essential nutrients that our body needs to be healthy and function efficiently. A balanced diet should contain protein, fats, carbohydrates and fiber in the form of fresh vegetables and fresh fruits, all the right measure, and of course fresh drinking water.

It is essential for a healthy body and a healthy mind.

You are what you consume!

The school lays great emphasis on physical fitness of students and tries to provide facilities for games, sports and recreational activities.

It is of utmost importance to impart health education to our children so that they can become fit and confident individuals.

1. All parents must ensure that children:
 - a) Maintain personal hygiene such as trimming of nails/hair and stay neat and clear.
 - b) Exercise regularly. Have a balanced diet.
 - c) Must avoid consumption of eatables from roadside vendors and kiosks.
 - d) Be immunized regularly against prescribed infections and diseases (Chicken pox, cholera, measles, mumps, whooping cough and jaundice) must observe the prescribed period of quarantine.
2. Students suffering from infectious diseases such as conjunctivitis, dermatitis and scabies etc. should not be sent to school until they have fully recovered and are fit to attend classes. The same must be certified by a qualified doctor in the form of a medical certificate to be sent to the class teacher.
3. Any special medication of ailment must be brought to the notice of all concerned along-with supporting medical documents.
